## November presentation

*The 1946 Newfoundland 5-cent piece is one of toughest 1946 coins to find.*

The 1946ers are Roger Serrott, Geoff Gruendl, Loren Rittenhouse, David Percy and Marlene Caldwell. They have been collecting world coins from their birth year and would like to share how they are doing. Also some have expanded their collection of other items which are from 1946. Each of them will be talking for a few minutes on their collection and you will be able to look at the items. -- **Marlene Caldwell**

## Quiz

Dan Rich won last month's quiz, which was written by Jonathan Goodfellow. Steve Barnett wrote this month's.

## Raffle

Chris Barlow won last month. November's coin is a 1910-S Lincoln Cent, NGC MS-60 BN. As certified, this is about a \$100 coin, so please buy more tickets to help cover this! HOWEVER...this looks VERY under-graded. I would bet the farm on MS-63!!!! Must see coin!

Tickets as usual, \$1 each or 6 for \$5. -- **Gary Heberline**

## October presentation

Tony Cass pulled out all the stops for his presentation on counterfeit gold. Calling counterfeit gold "our worst nightmare," Tony showed numerous examples of bad gold and talked about the diagnostics.

A 16-page, full-color handout clearly detailed what to look for, including mushy letters, depressions, tool marks, spikes radiating from the dentils, color and sunken areas in the middle of numbers and letters.

Some counterfeits made in the 1960s are particularly hard to unmask because the crooks got the luster right.
